

## 8W/15W/20W LED RIMLESS SURFACE LIGHT

LED Rimless Surface Light: Sleek, modern lighting solution with a hidden frame for a seamless, minimalist aesthetic.

### Features

- **Sleek and Modern:** The rimless design eliminates the visible frame, creating a clean and contemporary look.
- **Versatile Installation:** They can be easily mounted on ceilings or walls.
- **Even Light Distribution:** The rimless design ensures uniform light distribution, eliminating shadows and dark spots.
- **Long Lifespan:** LEDs have a much longer lifespan than incandescent or fluorescent bulbs, reducing the need for frequent replacements.
- **Various Color Temperatures:** These lights are available in different color temperatures (warm white, cool white, daylight), providing flexibility in creating the desired ambiance.
- **Environmentally Friendly:** LEDs are mercury-free, making them a more eco-friendly choice.

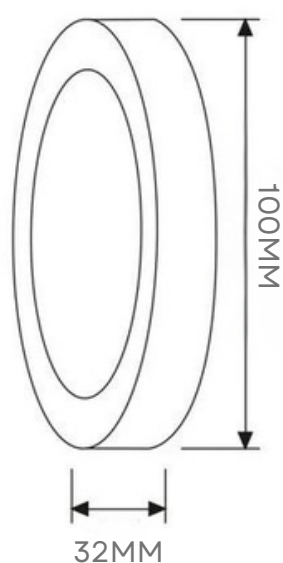

### Product Benefits

- Cool Operation
- Various Colors
- Compact Size
- Long Lifespan
